ABOUT Y&G

PanGao Inflatable Co.,Ltd (Y&G Inflatables) established in 2011, with a total of 41,000 square meters production base. It is a comprehensive company that owns the R&D, design, and manufacturing of outdoor leisure sports/entertainment gear including Inflatable Park, Jump Air Bag, Large Obstacle Courses, Aquatic Entertainment Sports product and so on.

Over the years, Our company succeeded in growing the business globally by our Global perspective and Forward thinking.

We are the largest company in China with a high-end quality management system , our products are mainly exported to Europe and America.

Our designs are in line with European and American safety standards, and all materials are environmentally friendly, non-toxic, and fireproof.

We use the most advanced production equipment and technology for production, and have a complete set of strict testing procedures.

As always, we have established long-term strategic partnerships with the top customers in the global leisure, entertainment and sporting goods industry.

Over 10 years experiences

Experienced and professional team provide you high quality products

Guangzhou Pangao Inflatable Co., Ltd. , located in the frontier of GBA, Nansha. It is one of the largest inflatable manufacturer in China with over 10 years of production experience, the products are mainly exported to Europe and America.

Test Process

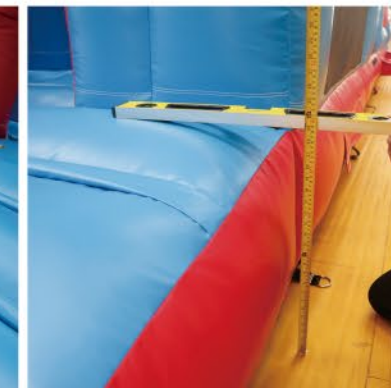

En14960

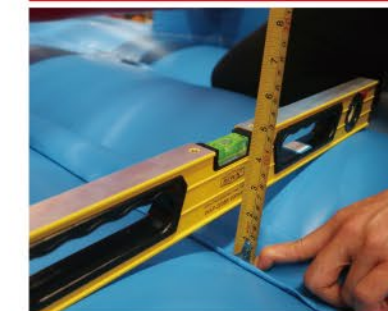

85kg Grounding test at the inflated surface.

The Step tread depth is at least 1.5 times of the adjacent platform height.

Make sure the Fall of height (step) less than 63cm.

The depth of trough less than 33% of the adjacent panel width

Anchorage system can withstand a force over 1600N

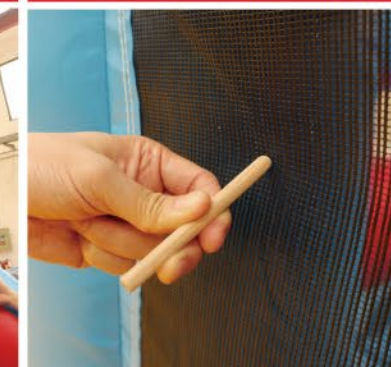

The minimum air pressure of the structure shall be 1kPa.

The slide run-out distance should be at least half of the platform height.

Containing walls and a permanent roof is fitted for the platform & the first meter at the top.

The mesh size small enough to prevent the 8mm Finger rod from passing through.

Safety distance from the blower to the inflatable at least 1.2meter.

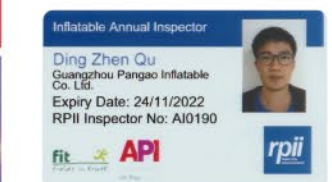

The marking to show the indentifying number, user' s max number and height.

we can offer PIPA tag if customer required.

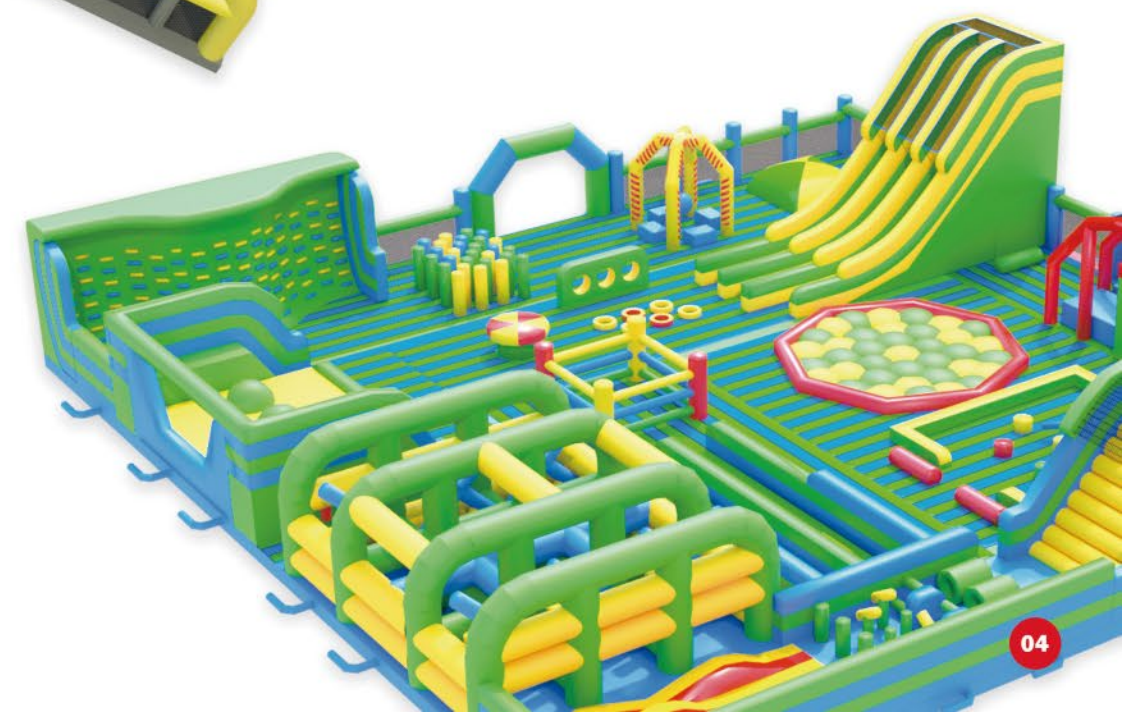

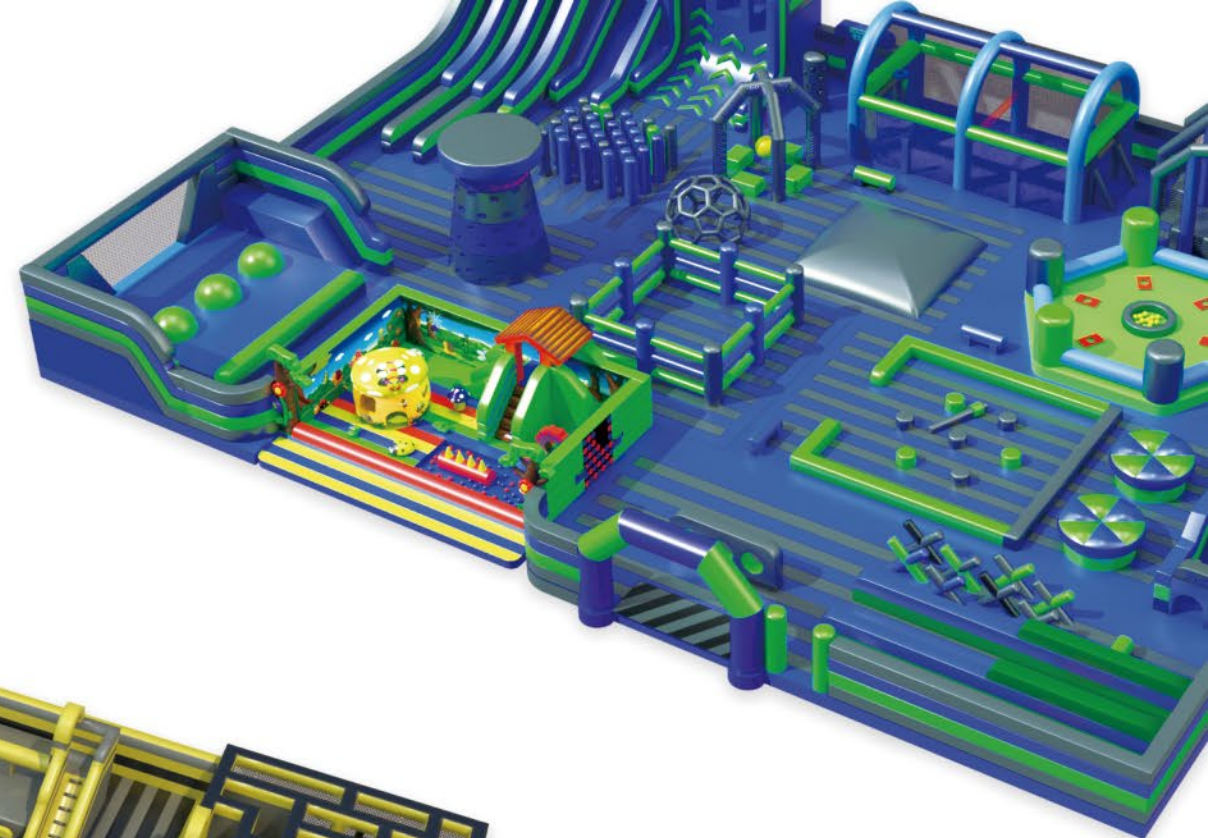

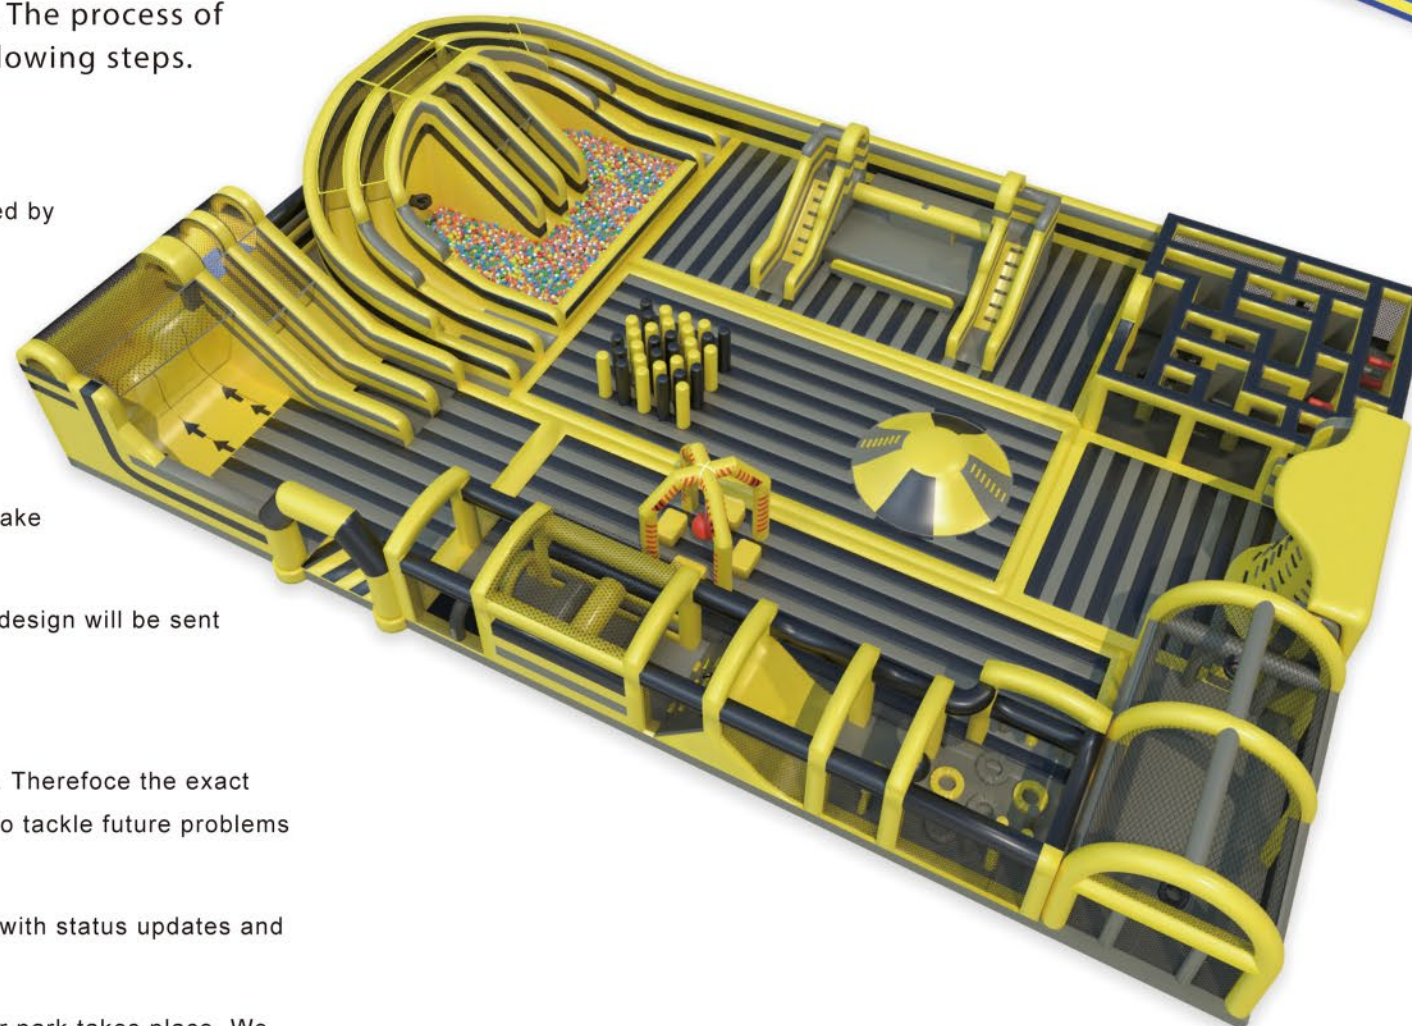

Pango inflatable Co., Ltd has our owned inspector of RPII (Register of Play Inspectors International, www.playinspectors.com/) All our sewing inflatable play equipments comply with the EN14960:2013

HOW DO WE BUILD YOUR INDOOR PARK?

We are experienced in building the indoor park to your desire. The process of creating your indoor park as a turnkey project exists of the following steps.

1. The process usually kicks-off with you reaching out to us. We can be reached by e-mail, whatsapp, phone or website forms.
2. We would like to know what you are looking for and what your wishes are. We will make sure to ask you the right questions.
3. Based on the information you provide us we will provide you with some visuals of previous projects along with a price indication.
4. The next step we create a customized design of your indoor park. We will make every effort to offer you the best design.
5. Virtual experience will impress you on your inflatable indoor park. The final design will be sent to you as a movie. Experience the design from your customers' perspective.
6. Your indoor park will be adjusted based on your feedback.
7. Where and how you want to build your park is important of your indoor park. Therefore the exact measurements and site plans will be requested to send to us. This enables us to tackle future problems and build the perfect park.
8. Now the production starts. During this period we will contact you frequently with status updates and check if examples are approved.
9. 10 weeks after your design approval - The delivery and set up of your indoor park takes place. We will send you the installation instructions.
